Network Engineering

Harare, Zimbabwe · 1 year / 4 months · Weekday, Weekend, Evening, Online

Build core infrastructure skills for connectivity, routing, and enterprise reliability.

Qualifications and exams

CERTIFICATION EXAM

CompTIA Network+ (N10-009)
The globally recognised networking certification, written online with a live remote proctor (Pearson VUE OnVUE) in a testing room at BriteEducation's Harare campus.

- Structured 4-month semesters with clear level progression
- Flexible entry at the level your qualifications or experience supports
- Portfolio projects and practical labs aligned to professional roles
- Career coaching, CV support, and student portal for fees and progress

Certification exams: CompTIA Network+

Curriculum: the five CompTIA Network+ domains

Every module maps to a domain of the CompTIA Network+ (N10-009) exam objectives, with hands-on labs, so you finish ready to sit the exam.

Stage	Modules (CompTIA Network+ N10-009 domains)	Hands-on labs
Stage 1 First half	1. Networking Concepts 2. Network Implementation	• Cabling, switching and IP addressing labs • Routing and wireless configuration in simulated networks **Practice tests after each domain**
Stage 2 Second half	1. Network Operations 2. Network Security 3. Network Troubleshooting	• Monitoring, documentation and change management • Securing and troubleshooting live lab networks **CompTIA Network+ exam, online on campus (OnVUE)**

Fees

Programme	Duration	Tuition
Certificate in Network Engineering (CCNA)	1 year (2 semesters)	$400 per semester
Certificate in Computer Networking	4 months	$400

> Flexible payment plans available. Exam fees are set by the examining body and change from time to time; admissions will confirm the current fee.

Entry requirements

No formal entry requirements. Basic computer literacy helps; complete ICT Fundamentals (CompTIA Tech+) first if you are new to IT.

Study modes

Weekday, evening, weekend or live online, on campus in Harare or from anywhere.

Careers

- Network Support Technician
- Junior Network Engineer
- Infrastructure Support Associate
- NOC Analyst

Questions students ask

How long does it take to study network engineering at BriteEducation?
Certificate in Network Engineering (CCNA): 1 year (2 semesters). Certificate in Computer Networking: 4 months.

Can I study network engineering part-time or online?
Yes. Classes run on weekday, weekend, evening or online schedules, so you can study while working or from outside Harare through live online classes.

Which certification does the network engineering course lead to?
CompTIA Network+ (N10-009), the globally recognised networking certification. The exam is written online with a live remote proctor (Pearson VUE OnVUE) in a testing room at BriteEducation's Harare campus. BriteEducation issues no certificate of its own: your credential is the CompTIA certification.
